**Important Information:**

**UCC Building Hours Update:**

Please make a note that the UCC Building will be CLOSED from Wednesday, June 30th, 2021 to Sunday, July 4th, 2021. Regular building hours will resume on Monday, July 5th, 2021. As a reminder, access to the building will only be through the Health Services Entrance (outdoor sign will direct you); and, ONLY essential services are permitted to operate.

Most lots campus-wide will have gates raised and parking will be complimentary until August 31st, 2021. Exceptions are the Medical Science and Kent Patient Lots where gates will be down (these lots are reserved for clinic patients only). Enjoy free parking at this time but please park only in regular unmarked parking spaces; do not park in reserved spaces, service vehicle spaces, fire lanes or hash lined areas.

**Headspace:** This month Headspace put out a great ebook on turning negative stress into positive change. It really elaborates on the year we have experienced and some of the stress that may have been caused by that. If you are interested check it out at:

## **FINANCE**

Almost there, MAY 2021 is closed and we are moving into F2022. Thank you to the team for all your efforts to make this happen! Audit preparation lies ahead.

Happy Canada day!

Please direct any June 2021 invoices and deposits asap. AP cheques will continue to be mailed, be sure to include an address. Please reach out to the Finance team regarding deposits and payments. We will do our best to accommodate your financial needs in a timely manner.

## **INFORMATION SYSTEMS**

Three things this week:

### **1. Tricky Phishing.**

I've been tracking this development since about April, but last week we saw our first "in the wild" occurrence at the USC....

Most email spam filters are getting intelligent enough to either clearly flag or outright block phishing emails using bad or masked links back to their fraudulent sites. To get around that, scammers are starting to include no links at all in their emails. Instead, you will be asked to call a 1-800 number to cancel an order or resolve a billing issue with a common service. Most of us have been conditioned to be suspicious of a link, but 800 numbers have been around forever and have an air of legitimacy.

In these cases, the entire purpose of the email is still the same - to get you to provide personal information like passwords or credit card / banking details.

As always, don't take the information provided at face value. If you think there is a chance this is

a legitimate issue, start at the company's actual site and look up contact information from there.
